

JOINT HEALTH COMPLEX*

NEW FASTER ACTING FORMULA

HELPS BUILD CARTILAGE TO PROMOTE FLEXIBILITY AND COMFORTABLE MOVEMENT*

Joint Health Complex improves the cushioning in joints for more comfortable movement, flexibility, and range of motion. Plus, the complementary blend of glucosamine, cat's claw, and specific trace minerals supports overall joint function, enhances mobility by supporting joint lubrication, and helps your body build cartilage.*

Joint Health Complex*
90 capsules
#20668

CHALLENGE

When your joints are healthy, they operate like a well-oiled machine. Cartilage and joint fluids cushion your bones, allowing muscles and tendons to slide smoothly and limbs to move easily. Normally, that cartilage is constantly broken down and rebuilt. However, problems such as age-related slowdown of cartilage production, overuse of joints, and individual physical differences can hinder this process and cause cartilage to break down faster than it is rebuilt. Proper supplementation, along with adequate rest, a balanced diet, exercise, reducing stress, and maintaining normal weight are essential to supporting and maintaining healthy joints. Shaklee Joint Health Complex* can help.

JOINT HEALTH COMPLEX*

Joint Health Complex improves joint function in as little as one week of use*

- Helps the body build cartilage for joints to promote comfortable movement*
- Supports joint function and facilitates range of motion*
- Combines clinically proven natural ingredients glucosamine and cat's claw

WHO WILL BENEFIT FROM JOINT HEALTH COMPLEX*?

- 87 million Americans over age 45 who face age-related slowdown of cartilage rebuilding
- People who participate in strenuous recreational activity
- Those with job-related repetitive stress to joints — an increasingly common problem given that the incidence of repetitive joint stress has tripled in recent years
- Those well above ideal weight, creating additional pressure on joints

HOW SHOULD JOINT HEALTH COMPLEX* BE USED?

- Take 3 capsules of Joint Health Complex* daily. If pregnant or nursing, consult a physician
- Joint Health Complex* can be taken with or between meals

WHAT'S IN JOINT HEALTH COMPLEX*?

Supplement Facts

Serving Size: 3 Capsules

Serving Per Container: 30

	Amount Per Serving	% Daily Value
Calories	10	
Total Carbohydrate	1 g	< 1%**
Protein	1 g	2%**
Zinc (as zinc gluconate)	1.5 mg	10%
Copper (as copper gluconate)	0.2 mg	10%
Manganese (as manganese gluconate)	0.2 mg	10%
Glucosamine hydrochloride	1500 mg	†
Cat's claw extract (<i>Uncaria guianensis</i>) (bark)	100 mg	†
Boron (as boron protein hydrolysate)	0.5 mg	†

** Percent Daily Values are based on a 2,000 calorie diet.

† Daily Value not established.

OTHER INGREDIENTS: Microcrystalline Cellulose in a hard gelatin capsule (Gelatin, Water).

SCIENTIFIC EVIDENCE IN SUPPORT OF THE INGREDIENTS IN JOINT HEALTH COMPLEX*

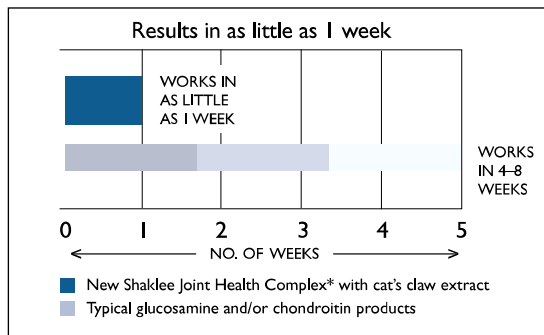

- **Glucosamine** helps maintain cartilage and is a key building block for proteoglycans — an important component of joint cartilage construction
 - In long-term clinical trials, people taking glucosamine experienced better mobility
 - Glucosamine hydrochloride is a more concentrated source of glucosamine and is bioavailable and sodium free
- **Cat's claw** has been clinically demonstrated to lessen joint discomfort
 - The specific extract of cat's claw from the *uncaria guianensis* has been clinically demonstrated
- Joint Health Complex* also provides zinc, copper, and manganese, important trace metals for enzymes that build collagen and other matrix proteins

WHY CHOOSE JOINT HEALTH COMPLEX*?

- Uses clinically proven cat's claw in combination with glucosamine for long term joint health*
- Helps build cartilage for enhanced range of motion and flexibility*
- Improves the cushioning in joints*
- Results can be experienced in as little as one week
