

Joint & Muscle Pain Cream

For temporary relief of minor joint and muscle aches and pains

THE CHALLENGE

Joint & Muscle Pain Cream provides quick penetrating relief from pain caused by arthritis, simple backaches, muscle strains and sprains, bruises, and cramps. It offers fast absorption and deep penetration to soothe aching joints and muscles on contact.

No pain, no gain. This is a common expression, but if you were to ask the 50 million people suffering from pain, they would quickly tell you that there is more to be gained with no pain.¹ Pain, it's your body's warning system, and it can come again and again.² Whether it's because of overuse or activity after long periods of non-use, our joints and muscles especially experience pain. Our bodies fall victim to arthritis, backaches, muscle strains, sore joints, and the list goes on. All of these interfere with a normal quality of life. Pain aside, Americans thrive on sports and active recreation and are constantly searching for new ways to challenge their bodies. Nevertheless, when the pain occurs, you want immediate relief by the best means possible. Joint & Muscle Pain Cream is the solution.

JOINT & MUSCLE PAIN CREAM

Joint & Muscle Pain Cream targets the source of discomfort and provides quick relief.

- Soothes aching joints and muscles with potent menthol formula.
 - Enables fast absorption.
 - Provides prolonged release action optimizing effectiveness against minor joint and muscle pain.
 - Improves blood circulation in the affected area.
-

WHO WILL BENEFIT FROM JOINT & MUSCLE PAIN CREAM?

- People with arthritis.
 - People experiencing minor joint pain in their wrist, ankle, knee, elbow, and hip.
 - People who occasionally experience minor back, neck, and shoulder muscle pain.
 - Athletes or people who exercise frequently.
 - People who use a rub before or after their workout or activity.
 - Children over 2 years old to soothe minor sprains, bruises, and cramps.
-

HOW SHOULD IT BE USED?

- Apply Joint & Muscle Pain Cream generously to the affected area and massage well for quick alleviation of pain.
-

WHAT'S IN JOINT & MUSCLE PAIN CREAM?

In addition to the effective OTC pain ingredient menthol, Joint & Muscle Pain Cream contains a proprietary blend of natural ingredients.

SCIENTIFIC EVIDENCE IN SUPPORT OF THE INGREDIENTS IN JOINT & MUSCLE PAIN CREAM

- Menthol is a compound obtained from peppermint oil with local anesthetic and counterirritant qualities.
 - Menthol is readily absorbed by the skin and contained in products used for relief of muscle aches, sprains, and similar conditions.
- Joint & Muscle Pain Cream is a proprietary blend of natural ingredients, including sweet almonds and aloe vera.

WHY CHOOSE JOINT & MUSCLE PAIN CREAM?

- Provides quick, penetrating relief from pain.
- Comes in arthritis friendly package to easily dispense effective amounts.
- Light menthol fragrance dissipates quickly.
